CSci 135: M1 →

IT Business Trends

*

Version: v4.2026

Rodney Maniego Jr.
Department of Computer Science and Technology
Faculty of Computing * Visayas State University

Disclaimer: This presentation is specially prepared as part of the **CSci 135 Software Engineering I** course for the **Visayas State University**. It is provided for educational purposes under fair use. Unauthorized copying, distribution, or reproduction of this material, in whole or in part, is strictly prohibited.

*

Course Outcome

Explain the concepts, principles, and professional context of software engineering.

Learning Outcome

Determine relevant IT Business trends.

Outline

1. IT-BPM Landscape
2. Tech Stacks
3. Talent-related Challenges
4. Career Opportunities
